

Touched by God: Divine Sparks

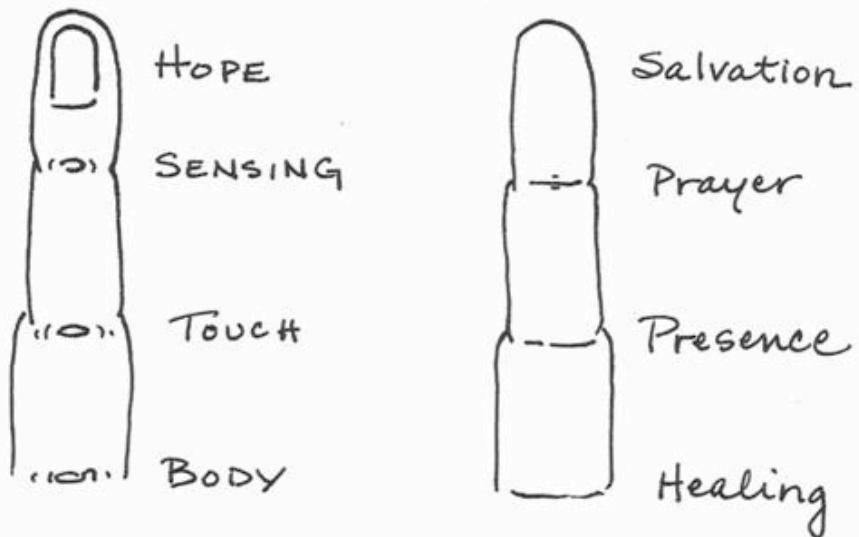

Sometimes quiet alarming in their nature, these gifts of Divine Sparks as Accupressure points, are given to us through the Unmanifested to inspire, comfort, guide and teach us daily on our path. If we choose to honor these Heaven sent Treasures by opening our heart to their language, these points will begin to reveal the subtle personalities of the Family of Malchi-Tzedek. As we begin to associate with these points, the barriers of communication with Spirit are dissolved.

Whatever the message each spark brings, it is up to us to learn the language and Bridge the Gap between Heaven and Earth.

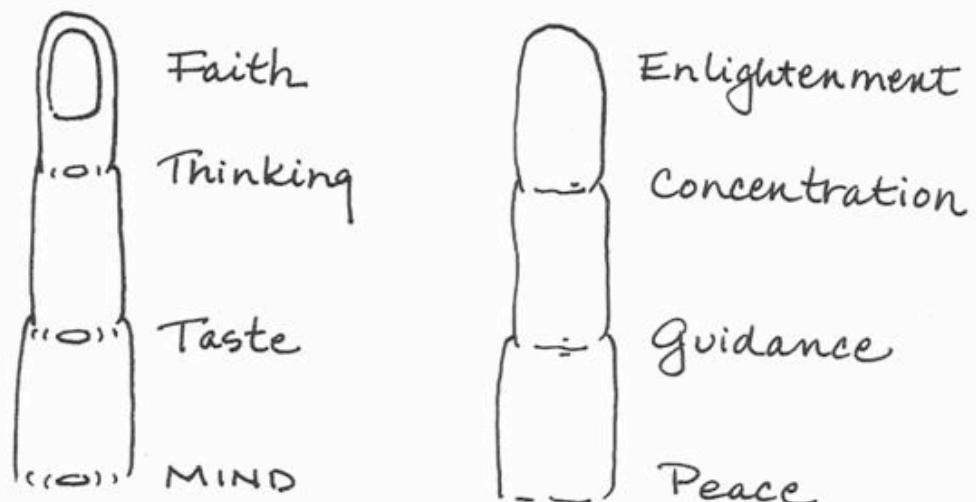

The following pages are designed to be a guide and help you understand
The language of love.
